

“戏占”

逗你玩

看了一段关于西方卜卦占星学起源的描述，颇有感慨。我觉得古代西方人把占卜这事看的挺严重，跟现在人对“占卜”的理解完全不同，以这种态度来对待占卜，真的是不太可能出现“戏占”，因为它完全把提问者“戏占”这条路给堵死

了。

Horary Astrology is the process of examining questions that are asked in Sacred Time. Horary shares this with virtually all other divinatory techniques, whether Tarot, *I Ching*, runes, geomancy, or the examination of chicken bones. And so, to a very large extent, the difference between divinatory methods is primarily a consideration of tools and technologies.

The essential question is: what constitutes sacred time? Consider the Oracle at Delphi. Odysseus didn't just saunter up to the Oracle with a question! In fact, the **Querent** (person asking the question) had better be *very* sure that she or he wanted to ask the Oracle anything at all, because the consequences of frivolity were grave. At the very least, you might not be allowed near the Oracle. But you might also be cursed by the Oracle, and that was equivalent of being cursed by the Divine! The Oracle (actually a person in an altered state of consciousness, whether through meditation or drugs) was located in a building or natural grotto at the center of a complex. The aspirant walked along a sacred path that took hours to complete. Jogging was not allowed! This in effect represented a walking or moving meditation. By the time that the petitioner actually arrived at the Oracle, s/he had had plenty of time to consider the question. As a result, by this stage the Querent had asked anything but casual.

我来简单翻译一下：

“卜卦占星学”是针对在一个“神圣的时间”中提出的问题进行详细检验探究的过程。它几乎和其他的占卜技术概念相同，无论是塔罗牌，易经，神秘符号，手相还是捡鸡骨头，这些不同占卜方法的区别也只是工具和技巧的差别。问题的关键是：什么构成了“神圣的时间”，以希腊神庙的先知为例，奥德赛不会闲逛到先知那里去占卜，事实上，打算占卜的人一定要确定他自己非常想询问先知这个问题，因为轻率提问的后果是很严重的，最起码，你将被禁止靠近先知，而且你会因为你的轻率被先知诅咒，这等同于被神诅咒了。先知通常住在天然岩洞的复杂结构的中心，他们通过药物或者冥想进入一种意识的改变状态中。想要占卜的人必须经过一条神秘的漫长的道路才能来到先知的面前，在这段路程中不

允许慢跑，这其实就是一段行走或移动中的冥想， 在求占人见到先知之前，他有足够的时间来考虑自己要提出的问题，最终的效果是，他最后在先知面前提出的问题就不再是那么轻率和随意了。

大家回想一下电影《300壮士》中斯巴达国王是如何去找女巫占卜的，这是个艰难的登山攀爬过程，随时有摔死的危险。可以看出，西方卜卦占星对于占卜的准备工作考虑的非常细致，很多方面都是为了准备那个“神圣时刻”的到来，而中国的占卜术考虑技法多一些，而在避免“戏占”上乏善可陈，最直接方法就只有一个：付费。这种方法其实也不错，因为大多数人只有真心想占卜的时候才会去付费算卦，而在网上随意求测的人往往占卜的意愿并不强烈，所以在这种情况下断错卦也就很正常了，占卜师不用太在乎结果的对错。

我觉得“判断是否应该拒绝给来人占卜”是一个占卜师的基本技能，很多人都忽视了这点。而判断对方是否是在“戏占”也并不是那么容易，有时候对方会有所保留，有时候他心里想的事和问的事并不相同，有时候就是觉得好玩，有时候就是纯粹在逗你玩，如何判断就需要占卜师长时间培养自己的感觉。如何用自己的话术去“婉拒”，每个人有自己的方法。
